Pedro Fernandez, EA1YO,
President, Union de Radioaficionados Espanoles,

c.c Jose Ramon Hierro, EA7KW
IARU Liaison, URE

10th June 2019

Dear Pedro,

As the celebration of URE's 70th anniversary through the "AM70" operations comes to an end, I am writing on behalf of myself and the whole of IARU Region 1 Executive Committee to congratulate you and everyone involved in the "AM70" project.

The level of interest and activity during this event has been truly remarkable, and the achievement of over 1 million QSOs is a testament to the planning and enthusiasm of all those involved. Your website was an outstanding example to other societies considering special event activities of this sort.

URE can be proud of its achievement.

Finally, may I congratulate URE on its 70 years, and wish it continuing success into the future.

With my very best wishes,

Don Beattie, G3BJ
President IARU Region 1
